

AEROMOTIVE

Wire Harness Processing Specialists
877-7AERO-US

It's a GM explosion. We are featuring Chassis, Body, Infotainment, I/P and A-pillar wire harness assemblies. The primary usage is on 2007-2010 Silverados. However, **they cross reference over to other body styles**. We have listed just a few of the part numbers we have in stock. As usual **Aeromotive** can reprocess these harness assemblies to match your vehicles options.

In addition, we have added ***NEW*** connector styles to our inventory. This month we're looking at GM headlight, ABS Modulator, ECM and sensor connectors. The prices are unbeatable!

Installation instructions will be available on our web site. Check it out.

Infotainment Harness
\$98.90

Body Harness
\$138.80
